

JudE – Setup

JudE Objective: Improve the care experience, care responsiveness, and care peace of mind -- for patients, caregivers, facilities, and family members -- **by leveraging modern and mobile technology to improve the notification, workflow, and resolution of patient, caregiver and facility requests.**

Setup

- Configuration Tools available from admin functions

- JudE support will do initial set up for you
- Facilities can maintain most ongoing data themselves
- Setup is simple. Takes hours, not weeks

Setup

Basic Steps

- Devices are assigned to facilities by JudE Support
- Devices are assigned facility functions such as Room Kiosks, Status Dashboards, or Nurses Notes
- Caregivers are assigned facility functions such as RN, CNA, LPN, Dietician, Administration, etc.
- Caregivers setup also includes: mobile numbers for notification, and work schedules
- Facilities can also track Caregiver certification and training needs to help keep a facility running smoothly and compliantly
