

JudE – Vital Signs Helper

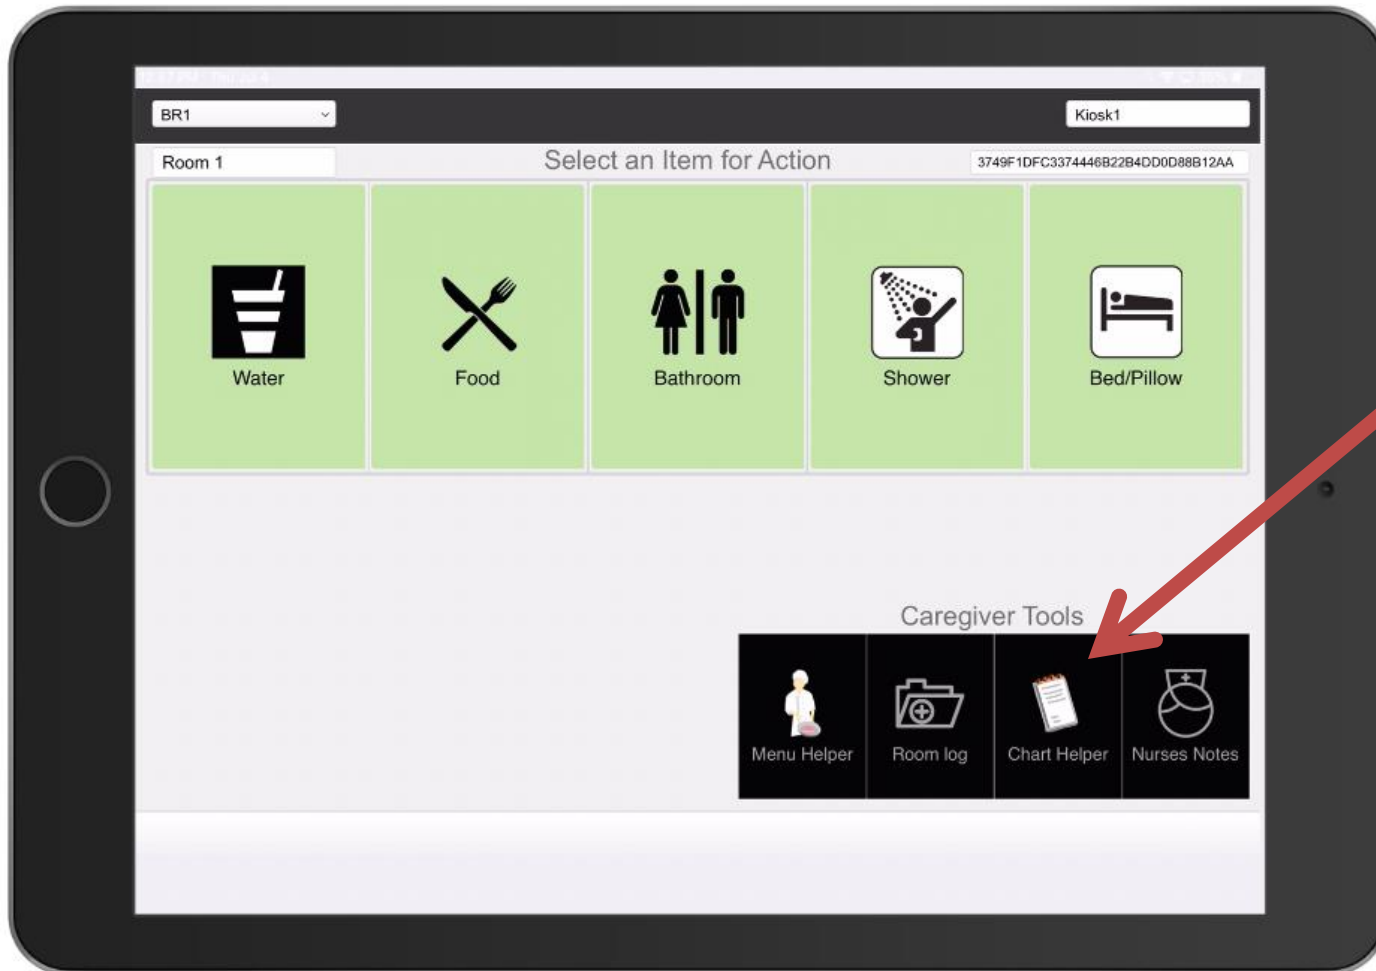

JudE Objective: Improve the care experience, care responsiveness, and care peace of mind -- for patients, caregivers, facilities, and family members -- *by leveraging modern and mobile technology to improve the notification, workflow, and resolution of patient, caregiver and facility requests.*

Vital Signs Helper

- Is available by pressing the Chart Helper Caregiver Tool on the Room Kiosk

Vital Signs Helper

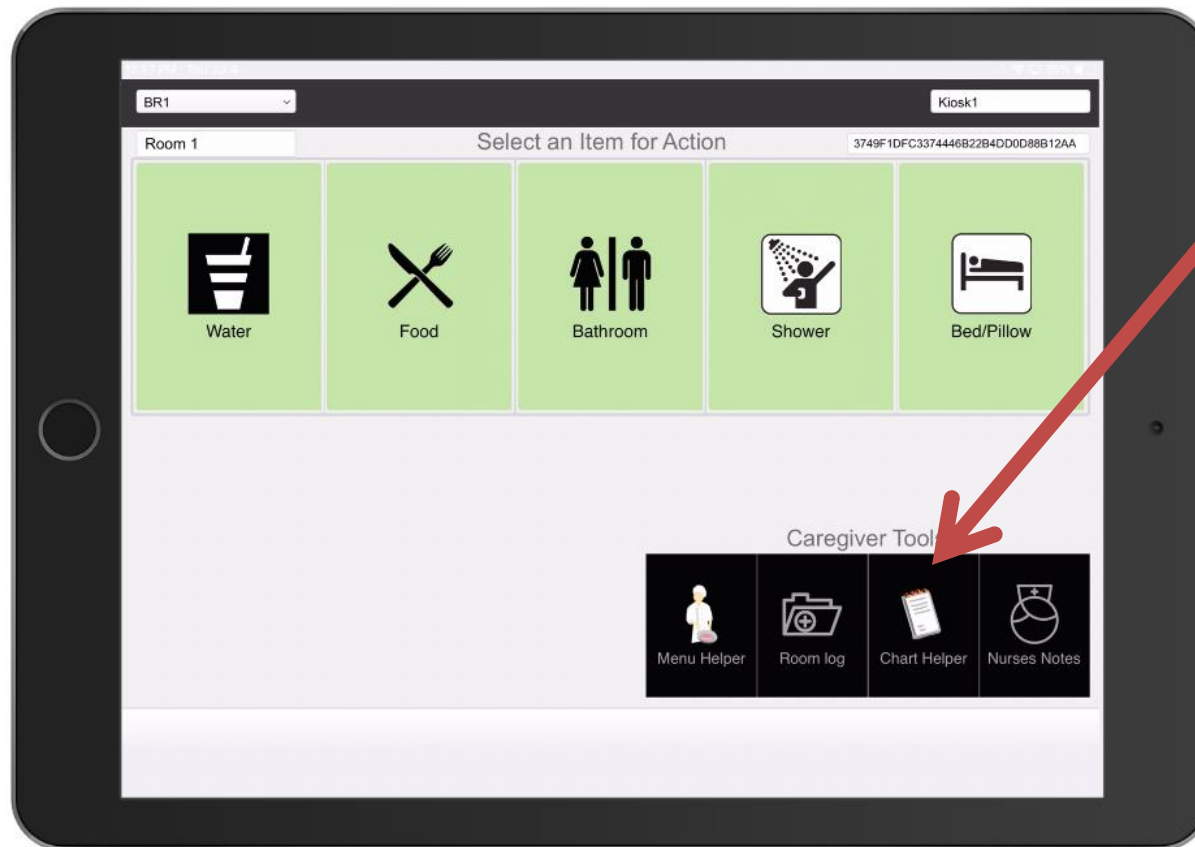

Basic Steps

- Caregiver presses the “Chart Helper” icon from the Room Kiosk
- Caregiver “Signs In” with their Unique ID and Passcode
- Vital Signs are located at the bottom of the Chart Code List
- Vital Signs screen will guide the Caregiver through capturing relevant information
 - The Caregiver will also be able to Copy & Amend the last reading
- Touch the “OK” button to generate a Chart Log for the room
- A summary of all logs can be viewed by the Room and the Nurses Station/Central Monitor
